...and now a word from the prez.

Dorohi!

I would like to take this opportunity and tell the Alumni about some fascinating events and exciting upcoming things.

At our recent eastern Conference that attracted some 40 delegates. This year we had ten delegates from the United States, 2 from Buffalo, 1 from Syracuse, 7 from New York City. This was a big surprise for SUSK, this is when the talk and ideas about having American's as part of SUSK began. Many of you already know about this because you have been helping us with some background, and with the archives. We have found many interesting things, and are pleased to say that the wheels are in motion to somehow have our American friends included into SUSK.

Some of our upcoming events include being present at the CKY congress and take a very positive role during the Friday session during the KYMO round table discussion on Students and problems we face in Ukraine and Diaspora. As well CKY has asked us to organize a pub night,

that will be on December 4th, at the Big Bop in Toronto. During the Christmas break many of our clubs have some events planned like ski days, and a very popular thing that clubs and SUSK are taking part of is to go out carolling. So the people in the Toronto area be ready for SUSK to invade your houses with some SUSK-arific voices (I по чарці все нам лехше співати). After all the Malanka's and Christmas, it will be a time where everyone is getting ready for our National Congress held in Calgary this year. We are hoping that this year's Congress will attract many people, and are looking forward to having a good time in Calgary. I would like to invite you to any of our events, we always like to have some Alumni come by and reminisce with their colleagues, and other people part of our SUSK "rodyna". For more information and for upcoming events please take a look at our SUSK Home Page. At: <http://www.susk.ca>

Ottawa is back up and running....

not only will there be a KYK office re-opened in Ottawa but their will be a Ukrainian Students' Club there as well.

We started unofficially last spring. Then during the summer we were lucky enough to meet Roman Zakaluzny who was doing a coop placement for the summer. He gave us lot's of tips on what to do. We had some hurdles to overcome. The big one being the fact that since there are few of us in Ottawa we decided the best thing to do was to amalgamate Carleton, Ottawa, and Algonquin students all into one club. Originally we wanted to be official in all three schools but Carleton was by far the most accommodating and a million thanks to the CUSA clubs and societies president that helped with information we needed to get us on our feet. We knew in the summer that we would have tight deadlines to meet, so we decided to form a core executive and then officially vote them in later just so we had someone to forward questions to. I am the president, Tania Yarosh is

vice-pres and Marta Pavliv is treasurer. Before school started, we prepared a constitution, mailing list, budget, and got a bank account at Buduchnist. In the fall we had a membership drive that wasn't extremely successful but it seems that every week I add a few name to our newsletter list which now has around 35 names. Right now we're just trying to get people to show up at meetings and public events, then we'll work on getting club events going. Currently we hope to have a v-ball team to send to BUSC in February, if not there will at least be a delegate. (me). I'm always interested in ideas to get people to come out, so if anyone has some good ones gimme a shout.

Letter from the K.S. Editor

Lisa McDonald - SUSK Alumni and Archives Director

So I decided it was time to take a holiday, plus with the after-strike-seat-sales who could say no. So off I went on a 7 day tour of Toronto, Detroit and New York. I stayed with SUSK exec. alumnus Melanie Dewling in Toronto. Attended a U of T zabava, where I saw 19 year olds do their version of the Full Monty. Road trip with Erindale Alumnus Eugene Iwasjuk and Andriy Fedoryshyn to Detroit. Dinner with the Columbia University Ukrainian Students club in New York. Touring the MET with Brock Alumnus Andriy Sawchuk. A week later it was KYK Congress in Winnipeg as SUSK rep. Hanging with the likes of alumni Jarema Kowalchuk, Andriy Hladyshevsky, Andriy Wynnicky, the Klufas brothers. Hmmmm....the moral of the story...even though you don't plan it, your life is always in some way connected to SUSK!
